

New Product Launch : [Human Capital and Talent Management Suite - EmpXtrack Lite](#)

December, 04, 2007: Saigun Technologies, a NOIDA based software group announces that it will showcase its cost effective software for Human Capital and Talent Management – ‘**EmpXtrack Lite**’. The software (<http://www.empxtrack.com/>) will be showcased at HR Summit Bangalore to be held on Dec. 7 & 8, 2007, at the Le Meridien, No. 28 Sankey Road, Bangalore-52 India.

‘EmpXtrack Lite’ is a compact version of Saigun’s enterprise level solution EmpXtrack, a web based software for Human Capital and Talent management. Implementation of EmpXtrack Lite in an enterprise can dramatically improve the functioning of HR Department, team management and employee performance appraisals.

‘EmpXtrack Lite’ is a web-based software that allows users to access the application on any computer having Internet connection. It means that even if an employee is out of office, he/she can effectively work with software.

Saigun Technologies (<http://www.saigun.com>) is focused on IT and HR solutions for over 7 years. Executive Management Team of Saigun includes, Mr. Tushar Bhatia, President, an alumni of IIT Delhi, Maj. Gen. B.K. Bhatia, ex-VP - HR & Admin and Corporate Quality Head with one of the TATA Group Companies and Ankur Arora, VP Sales, an alumni of NIFT, New Delhi.

Bangalore HR Summit 2007 (<http://www.hrsummit.in>) aims at bringing together HR Professionals, Academicians, Researchers and Management Students on a common platform to deliberate on various aspects of the theme " Leveraging Technology for HR Effectiveness". The HR Summit will witness presentations and a panel discussion by Eminent HR Professionals, Researchers, academicians and scholars.
